

Tentative TAC Meeting Schedule

The table below provides a Tentative schedule and meeting agenda for the Technical Advisory Committee:

Date	Proposed Agenda Topics
TAC Meeting #1 December 2019	1) TAC orientation, 2) presentation/discussion on scope of: a) state of wildfire science report, b) near-term risk forecast baseline needs assessment summary, c) near-term risk forecast data archive, d) user engagement workshops, and e) long-term risk projections baseline needs assessment summary, and 3) upcoming tasks/products
TAC Meeting #2 June/July 2020	Presentation/discussion on: 1) weather station site recommendation methodology framework and baseline needs assessment summary, 2) weather station network dataset, 3) near-term risk forecast dataset, 4) near-term risk forecast modelling framework summary, 5) long-term risk projections modeling framework summary, 6) long-term risk projections dataset, and 7) user needs assessment summary
TAC Meeting #3 November/December 2020	Presentation/discussion on: extreme weather historical pre-analysis spatial dataset
TAC Meeting #4 June/July 2021	Presentation/discussion on: 1) guidance on using upper-air profiler report, 2) contemporary tree mortality dataset, 3) weather station network optimization data archive, 4) optimal location of weather stations report, 5) extreme weather historical data archive, 6) extreme weather historical analysis report, 7) tree mortality fuel projection dataset and 8) tree mortality data archive
TAC Meeting #5 October/November 2021	Presentation/discussion on: 1) near-term decision-support tool brief, and 2) long-term planning support tool design brief
TAC Meeting #6 June/July 2022	Presentation/discussion on: 1) Phase 2 near-term risk forecast integration workplan, 2) Phase 2 long-term risk projections workplan, 3) near-term risk forecast cost benefit analysis fact sheet, 4) tree mortality evaluation summary, 5) near-term risk forecasts user's guide, 6) near-term risk forecast outputs, and 7) long-term risk projections data archive
TAC Meeting #7 May/June 2023	Presentation/discussion on: 1) Phase 2 near-term risk forecast cost-benefit analysis factsheet, 2) Phase 2 - long-term risk projections planning support tool, 3) Phase 2 - integration workshop summary, and 4) draft final report outline
TAC Meeting #8 August/September 2023	Presentation/discussion on: 1) draft final report, 2) draft technology/knowledge transfer report, 3) draft final project fact sheet
